8. Remaining tasks of the group. How do we proceed? Some possible topics:
 - Geographic division for areas within a country using notation from Table2--4.
 - Adding more cultures in notes to help the classifier
 - The confusing mixture of prehistory and archaeology in 930
 - The fixed end date of 930, that results in works on archaeological findings from e.g. Middle Age being classed in other divisions.
 - The scattering of archaeological works throughout the schedule
